

## **Camille Marocco**

### Director of Finance

Camille Marocco is the Director of Finance at Equinox. She oversees all aspects of the company's finances, including preparation of financial statements, budgets and reporting to Equinox's board.

Camille has nearly two decades of healthcare finance management experience, with a focus on revenue cycle management. Camille has been responsible for providing leadership during critical transition phases, implementing budget reductions and improving cash flow.

Prior to joining Equinox, Camille worked for various non-profits in New York. She held various positions as Revenue Cycle Manager, Director of Accounts Receivable and Billing Manager. She is well versed in various Accounting and Electronic Health Record applications. She oversaw the implementation of Electronic Health Record applications and managed the integration of clinical and finance processes in two organizations.

Camille earned her Bachelors degree in Economics and her Masters degree in Business from the University of the Philippines.

She loves to travel and enjoys vacationing with her family.
